

BRITISH VIRGIN ISLANDS CARIBBEAN

TOP TIP

Why not hire a stand-up paddleboard or an ocean kayak for the ultimate on-water experience.

Sunsail 38, Marina Cay

AT A GLANCE

One of the world's finest and most protected sailing areas, the "Cruising Capital of the Caribbean" delights the newcomer as much as the seasoned sailor returning for the tenth or twentieth time. Consistent trade winds and simple, line-of-sight short sails to tropical palm-fringed beaches, sandy bays and exclusive luxury resorts.

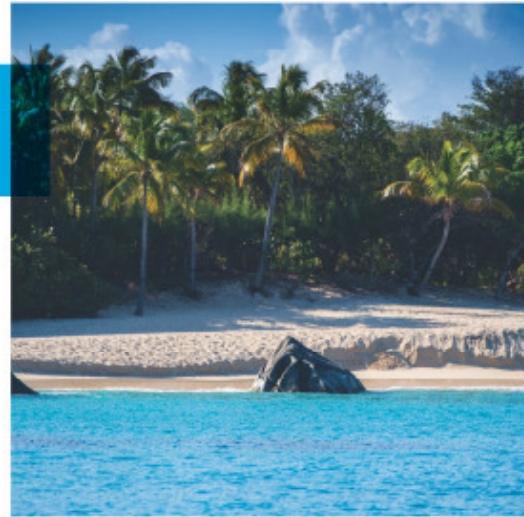

Notes

Local cruising taxes, mooring buoy and marina fees apply

When you arrive in Tortola boarding boats with names like "No Drama", set your watch to Island Time and get ready for life, local style! Let your cares drift away on warm cinnamon-scented trade winds and rediscover your smiling, stress-free self through the beauty, colour and cheer at every stop. Take it easy or try scuba-diving, paddle-boarding, dolphin-swimming, horse-riding... anything you've ever dreamed of - it's here!

CRUISING AREA

When it comes to highlights in the BVI, the list is seriously endless. Some of the world's best beaches and most famous Caribbean locations lie within easy reach of Tortola. We recommend that any sailing holiday here simply must feature these unmissable experiences: a heavenly day at The Baths' unique rock formation on Virgin Gorda strolling through the watery grottos to Devil's Beach; the rocky but well worthwhile Guy's Trail up to Neptune's Look Out 135ft above North Sound; world-class snorkelling over coral at the Indians and inside the Caves at Norman Island; chilling out with the laid back locals and a Painkiller cocktail at Jost Van Dyke's Soggy Dollar Bar, White Bay; an evening of eccentric entertainment at The Last Resort or rubbing shoulders with Richard Branson's Necker Island guests dancing to DJ Heavybeats at Fat Virgin Café... "lively up yourself" or let the world be busy around you while you take it as easy as you like!

Full Moon Party

BRITISH VIRGIN ISLANDS CARIBBEAN

Trunk Bay

A BVI sailing holiday is the epitome of Caribbean cruising. Weave your way in the wake of historical heroes and villains, legendary pirates, famous explorer and navigator Christopher Columbus and Queen Elizabeth the first's privateer, Sir Francis Drake. The contrast of deluxe resorts, simple, sandy beach bars and complete isolation in such easy reach is beyond compare.

BVI FLOTILLA 1 WEEK

Level 1

A one week whistle-stop tour of the essential sights and Sounds within easy reach around Tortola. Spend your last day at Norman Island, believed to have been the inspiration for the classic Robert Louis Stevenson pirate novel, Treasure Island.

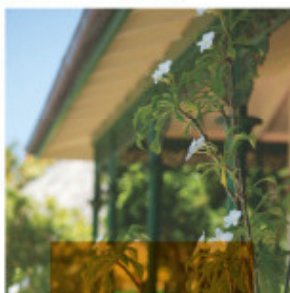

- DAY 1**

GRENADA CARIBBEAN

TOP TIP

Sailors love joining the Hog Island Beach BBQ every Sunday and you can secure a mooring buoy for great snorkelling at Sandy Island secluded sand bank, Carriacou.

AT A GLANCE

Located in the southeastern Caribbean just north of Trinidad and Venezuela, the tri-island state of Grenada is the largest, occupying 133 square miles. Exciting blue water sailing and sheltered island cruising in warm winds all year round. Challenging in winter, more relaxed in summer.

Must have

Local cruising taxes apply and you will need to pass through customs

What is available

Underwater Sculpture Park

Grenada may be geographically at the bottom of the Caribbean chain, but it is top of the Caribbean island list of sensational holiday destinations. Grenada guarantees outstanding sailing in exciting cruising waters, incredible snorkelling and a lively Caribbean welcome whenever you step ashore.

CRUISING AREA

From the air, Grenada's distinctive black sand and white sand beaches are surrounded by colourful coral formations. Volcanic origins created an island of great beauty and variety here with the 13 acre crater lake at Grand Etang National Park, rainforests, coconut trees and hot springs. Known as 'the island of spice' this is another exceptional Caribbean gem with a fascinating story behind every hundred year old fort and town or street name. Popular highlights include True Blue Bay for a romantic getaway, the underwater statue park in Moliniere's Beausejour Marine Park Protected Area and also Ronde Island snorkelling (when weather permits) where you can look out for the rare and endangered hawksbill turtles.

From St. George's base you can create an exciting itinerary of real contrast in this Level 3 sailing area, mixing exhilarating blue water sailing as far north as Canouan with more sheltered, shorter hops. On the southern shore of Grenada, Prickly Bay is one of the best known stops, entertaining travellers with a steel drum party every weekend. The breath-taking Tobago Cays in the Grenadines are an unmissable paradise in this part of the world and a must-see on any charter in Grenada.
